

Your municipality
can get up to
\$557,000 in
grant funding for
Electric Vehicles*

*Not including thousands
more in business and
individual incentives!

Learn more 

These are truly unprecedented times. The government and local utilities are pouring billions of dollars into electric vehicle and charging infrastructure adoption.

Municipalities that act quickly can qualify for numerous grant programs and can also help their residents and businesses capture \$10,000+ more per vehicle in tax credits.

These incentives will not last forever.
